It has retained a Michelin star in the Michelin Nordic Cities 2020 Guide. The innovative but rooted Formula B cuisine offers a six-course menu. Menus change every two weeks. Formula B also runs the Uformel restaurant in Studistr in the center of Copenhagen.Private dining: 10-34 pax Formula B in Frederiksberg, one evening for two. Welcome very friendly, harmonious ambience, 2 meals for my taste a little too close to each other. You can choose between menu, individual dishes or a combination of both. Menu consisting of 5 dishes at 800kr, a very fair price However, there are no intermediaries, amuse bouches or similar. Good portions, top taste combined, but no big surprises and generally everything served very, very quickly, also at other meals. Top wine list, but also expensive sportsman. If you expect the stellar kitchen as in D, with a calm pace, more intermediates, surprises from the kitchen, etc., you need to change here. Predominantly younger audience. Careful and repeated friendly service, but I missed my heart. The explanations for the individual courts were only annulled. Dessert, unfortunately disappointing after coffee or digestive was not asked, after less than 2 hours I was again generally an ok evening, but as a complete package for me not in the category Michelinster.More Volkenborn rankingRestaurant guide (PRO)Rating Portals (USER)Volkenborn RankingRestaurant Guide (PRO)Rating (USER) Volkenborn (USER)Volkenborn (PRO) Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer (PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Volkenborn RanglisteRestaurantführer ((PRO)Bewertungsportale (USER)Rune Jochumsen und Kristian Møller haben das Restaurant Formel B an die Spitze der besten Restaurants in Kopenhagen gebracht. 2015 erhielten sie einen Stern vom Guide Michelin Nordic Cities.Die Küche von Formel B ist innovative und hat doch ihre Wurzeln in der klassischen französischen Küche. Angeboten wird ein Menü bestehend aus sechs sorgfältig abgestimmten Gerichten. Das Menü wechselt alle 14 Tage.Formel B betreibt auch das Restaurant Uformel im Studiestræde im Zentrum von Kopenhagen. Small dishes start to be a tired concept, but Formel B manages to make it work quite well. Dishes talk of a quiet confidence, happy cook to let the ingredients talk, whether it's in harmony dance (yellow and mashed potatoes) or ... managed contrast (honey and tomatoes). I've tried more dishes with far more hits than misses, beef tartare being the only bit of a otherwise very pleasant meal. The service was a bit of a disappointment, our waitress bordered on rudely (maybe I didn't have enough in her opinion?). The bill was obviously quite expensive, but at least understandable, given the location and quality of the ingredients. Overall, I feel this a solid Michelin operating star with good consistency. More consistency. More
